Honorary Board Member/
Director of Youth Ambassadors

Cathy Budman, M.D.
Medical Advisor

You can make a difference today in the life of someone with Tourette Disorder. Please consider supporting the Long Island Tourette Association, an organization that offers much needed services to the Tourette community. Even the smallest contribution is essential and greatly appreciated.

We are excited to announce that on **Saturday, June 11, 2022**, Long Island Tourette Association is hosting **Family Fun Day** once again in person at the **McKenna Elementary School – 210 Spruce Street, Massapequa Park, NY 11762**.

Family Fun Day is an event where families will come out, have fun and enjoy the day, while Long Island Tourette Association has an opportunity to raise awareness, acceptance, and sensitivity for the individuals we serve. The funds generated from this event will be used to support vital chapter activities, such as support group meetings, advocacy and social events.

You can help make **Family Fun Day** successful in its mission to raise indispensable funds by becoming a sponsor, by donating, or by volunteering. Your contribution or sponsorship will go a long way toward impacting the lives of those living with Tourette Disorder.

Tourette Disorder (TD) is a lifelong neurobiological disorder, which is often misunderstood and misdiagnosed. TD is characterized by involuntary movements and vocalizations called tics, which become evident in early childhood or adolescence between the ages of 2 and 15. Currently there is no cure for TD.

Long Island Tourette Association is a chapter of the Tourette Association of America, the only national voluntary non-profit membership organization in this field. Our mission is to provide help at the community level by raising awareness, fostering social acceptance, working to advance treatment and care, educating professionals to better serve the needs of the Tourette community, advocating for public policies, providing support and empowering our community to deal with the complexities of the disorder. In every school district on Long Island there are children with a diagnosis of Tourette Disorder who need support, understanding and assistance in living with this disorder while researchers continue their efforts to find the causes and a cure.

For more information about **Family Fun Day** and our organization please go to longislandtourette.org.

To donate online go to longislandtourette.org and use the  button.

If you would rather mail your donation, please use the attached form.

Thank you,

Kate Callan, Co-Chair

Jane Zwilling, PsyD, Co-Chair
